PROFILE

Aspiring Software Engineer with 3+ years of professional experience. Proficient in developing robust web and mobile applications using JavaScript (ES6) & TypeScript and its frameworks like ReactJS, Vue.js, NextJS, Angular and React Native. Strong problem-solving abilities and attention to detail. Passionate about creating innovative solutions and delivering exceptional user experiences. Seeking opportunities to contribute and grow in a dynamic development environment.

TECHNICAL SKILLS

- Front end development | HTML5 | CSS3 | JavaScript (ES6) | TypeScript | ReactJS | React Native | Vue.js | NextJS | Angular | Ionic | WebSockets | Firebase
- Backend Development | Python (FastAPI) | ExpressJS | NodeJS | REST API
- Databases | Relational Databases (RDBMS) | SQLite | PostgreSQL | NoSQL | MongoDB
- Test Driven Development | Integration/Unit tests | Jest | Testing Library | Mocha | Appium | Flutter Driver
- RxJS | Redux | Redux Saga | Redux Toolkit
- Tailwind CSS | Material UI | Ant Design | Styled Components
- Git | Jira | Bitbucket | Github | Docker | CI/CD
- OOP | Data Structures & Algorithms | Extreme Programming | Clean Code

PROFESSIONAL EXPERIENCE

Full Stack Engineer (Working Student), *trivago N.V.* 08.2025 – Present | Düsseldorf, Germany

- Developing and maintaining **trivago's Developer Platform** using ReactJS, TailwindCSS, and TypeScript, ensuring high performance and reliability.
- Implementing authentication, authorization, and security best practices across platform components to safeguard internal applications and APIs.
- Monitoring, profiling, and optimizing platform performance to ensure scalability and high availability.
- Participating in Agile ceremonies, providing technical input in sprint planning, and contributing to architecture discussions.

Software Engineer, *IOMechs* 01.2022 – 09.2023

- Designed and developed web and mobile applications with ReactJS, React Native, Flutter, Dart, Angular, Styled Components, and TailwindCSS. Timely delivered smooth and flawless web and mobile application requirements.
- Achieved seamless UI/UX and robust API integrations for enhanced user interactions and business functionality
- Spearheaded the development of an Angular based integrated communication planning project, used by more than 10,000 users..
- Worked in Test Driven Development environment, actively wrote tests, integration/unit with Jest and Testing Library.

- Introduced automated testing in mobile applications among teams using Appium, Mocha, and Flutter Driver, to fast paced the testing phase.
- Delivered weekly training sessions to the team on cutting edge technologies, such as the use of Artificial Intelligence in development and many more.
- Organized coding competitions among the engineers of the company, enhancing their problem solving skills.

React Native Developer Intern, Decotechs

09.2021 – 11.2021

- Learned the core of mobile application development and contributed using JavaScript/bsn pu
